

Nebraska Rivers and Tributaries

The *source* of a river is where it begins. The *mouth* of a river is where it empties into another river or body of water.

Directions: Find the source of each river and write the name of the county (or state if it is outside of Nebraska) where the river begins. Then, find the mouth of each river and write the name of the river it empties into.

| Rivers | Source (County) | Mouth (river or other body of water) |
|-------------|-----------------|--------------------------------------|
| Little Blue | | |
| Loup | | |
| Elkhorn | | |
| Big Blue | | |
| Republican | | |
| Niobrara | | |
| White | | |
| Platte | | |
